Building Information Modeling

## Why the Global Market is Paying a Premium for This Skill Set

---

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

Digital Twin Integration | Companies are embedding BIM data into digital twins to enable real-time performance monitoring, unlocking new revenue streams | McKinsey Global Institute

Green Building Regulations | Stricter carbon-neutral mandates worldwide require BIM to verify compliance and optimize material usage | World Economic Forum

Infrastructure Investment Surge | Emerging economies are allocating record capital to infrastructure, demanding BIM-qualified professionals to deliver on time and on budget | OECD
