
Global Certificate in Ai-Powered Medical Imaging (Advanced)

Why the Global Market is Paying a Premium for This Skill Set

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

AI-driven diagnostic efficiency | Accelerates image interpretation, cutting turnaround time by up to 40 % and enabling higher patient throughput globally. | World Economic Forum

Regulatory incentives for digital health | Governments worldwide are allocating billions to AI-enabled imaging, spurring rapid adoption and premium remuneration. | McKinsey Global Institute

Shortage of radiology specialists | A projected deficit of 1.2 million radiologists by 2030 fuels demand for AI-augmented expertise across all regions. | OECD
